

Music at home

Hi everyone,

I have set a new assignment on Charanga for your music learning at home. The unit contains some of the activities you would have completed in your music lessons in the Summer 1 half term. Please work through the activities which include listening to and appraising pieces of music, playing music games and learning a new song.

If you don't have your Charanga Yumu login please get in touch with us via email and I can email this to you.

Thanks,

Mrs Robilliard
