

This Half Term please continue to read with your child and keep practising the **red words**.

There are also a few skills we would really like you to master.

- Putting on your own shoes.
- Tying shoelaces or doing up buckles independently.
- Putting on and taking off your own clothes (especially jumpers and socks and turning them in the right way).
- Putting a straw into a carton of juice (lunchtimes).

We also wanted to give you some ideas for some fun activities to do with your children.

5 things to do with a ...

toilet roll tube

- ❖ Build a toy rocket
- ❖ Make a skittle game and use a balled-up sock as the ball
- ❖ Make a character to come and stay with your toys
- ❖ Make a telescope, what can you see?
- ❖ Build a marble run (do not worry if you have not got a marble, use a small round stone, frozen pea, bead or tiny ball of paper)
